IV. EDUCATION - TRAINING
I. ISTANBUL COMMERCE UNIVERSITY

Adopting the concepts “Local Identity, Global Vision” as a principle, Istanbul Commerce University was founded in 2001 as a social responsibility project of Istanbul Chamber of Commerce. With its 129-year history and businessmen representing the half of Turkish Economy, Istanbul Chamber of Commerce is one of the most powerful chambers of the world. With this background, Istanbul Commerce University which combines the university with the business world, has been preparing its students to the future with more than 200 professional and prominent faculty members.

Istanbul Commerce University, one of the first foundation universities of Turkey, has taken its privilege from its training programs, professional and prominent faculty members, technical facilities and its future vision aiming to serve to its students. Our university started functioning in 2001-2002 academic year with 73 students, celebrating its 11th anniversary with the number of students counting more than 6000 as of today, has been continuing to rise in a consistent way in academic world with national and international activities held each year, and with its academic studies as well as its publications.

Another feature that grants a privilege to our university is its location in central and prominent environs of Istanbul, which is one of the capitals of culture in the world. This situation not only eases the transportation but also makes it possible to keep up with the pulse of the century with Istanbul, open up to the world and future, always to become active, innovative and pioneer thanks to the meeting of culture, science, art, and economy at national and international levels.

Campuses of Istanbul Commerce University are located in privileged quarters of Istanbul like Uskudar and Kucukyali, in Eminonu at the heart of the old city as well as Sutluce on the shore of Golden Horn. Istanbul Commerce University has the privilege of feeling the pulse of today’s social, cultural,
scientific and economic lives as an education institution at the shore of historical peninsula, in the midst of historical locations, almost beside the commercial centers.

Istanbul Commerce University aims to raise young people who understand the age, appreciate intellectual freedom and participation, who have high professional skills, comprehensive vision and strong sense of facing international competition and the world, to develop with society, business world and production processes. For this purpose, Istanbul Commerce University has invested in the scientific future of our country with six faculties, English Preparation School, Vocational High School, Graduate Schools of Social Sciences, Science and Engineering and Foreign Trade.

The medium of instruction in our university is mainly Turkish and English for limited number of programs teaching in English. The bachelor and associate degree programs offered in our university are enlisted below.

II. INTERNATIONAL OFFICE AND EXCHANGE PROGRAMS

B. Exchange Programs

1. Erasmus Student Exchange Program

Apart from undergraduate and graduate international students, the number of students coming to our university and the number of students going to various universities of Europe from our university via Erasmus Exchange Program are increasing day by day. Aiming to increase this mobility within the framework of Erasmus Program, our university concluded agreements with 33 universities from 14 different European countries for the exchange of student, academic and administrative staff.

2. Farabi Student Exchange Program

Our university, within the scope of national universities and advanced technology institutions in Turkey, is a part of Farabi Exchange Program which is an exchange program for students and academic staff among higher education institutions providing training in associate, bachelor, masters and doctoral degrees. Within this framework, students of Istanbul Commerce University have the opportunity to take advantage of Farabi Program.

A. International Office

International Office, the main mission of which is to contribute to the identification and execution of the internationalization policies of Istanbul Commerce University, accelerating the internationalization process, has been working within the scope of this mission, with the purposes of developing the international partnership and cooperation, increasing the international experiences of academic and administrative staff and students beside forming a multi-cultural and inclusive international campus life. Our international students, whose number has reached 139 by the academic year of 2012-2013, come from 27 different countries. (Azerbaijan, Albania, Bosnia-Herzegovina, Burkina Faso, Cameroon, Democratic Republic of The Congo, Djibouti, China, England, Germany, Ghana, Kazakhstan, Kosovo, Macedonia, Malaysia, Mongolia, Morocco, Palestine, Romania, Russia, Serbia, Somali, Syria, Tajikistan, Tunisia, Ukraine, Uzbekistan) 89 of these students attend Undergraduate Programs while 36 of them attend Graduate Programs. For the 2012-2013 academic year, half of the per-department quotes assigned for international students were granted full scholarship. Besides, international students are granted partial scholarships in particular departments by our university.

International Office carries out counseling and coordination services for all international students and it develops and implements various projects in order to ease the adaptation of international students to the university and to increase their interaction with each other and with other students. Istanbul Commerce University proceeds its internalization policies with quick steps. In the 2011-2012 academic year, new partners were added to the cooperation list as a result of agreements signed with different universities from different countries. Bihac, Tuzla, Sarajevo Universities (Bosnia Herzegovina), Adige State University (Russia) and CEDS Paris can be counted among them. Moreover, International Office progressively carries out negotiations to sign academic cooperation protocols in various fields with prominent universities from different regions of the world (China, The Balkans, USA and Asia).
B. Exchange Programs

1. Erasmus Student Exchange Program

Apart from undergraduate and graduate international students, the number of students coming to our university and the number of students going to various universities of Europe from our university via Erasmus Exchange Program are increasing day by day. Aiming to increase this mobility within the framework of Erasmus Program, our university concluded agreements with 33 universities from 14 different European countries for the exchange of student, academic and administrative staff.

2. Farabi Student Exchange Program

Our university, within the scope of national universities and advanced technology institutions in Turkey, is a part of Farabi Exchange Program which is an exchange program for students and academic staff among higher education institutions providing training in associate, bachelor, masters and doctoral degrees. Within this framework, students of Istanbul Commerce University have the opportunity to take advantage of Farabi Program.
III. GENERAL CONDITIONS FOR STUDENT ADMISSION

A. General Conditions for International Student Admission to Undergraduate Programs

Provided that they study at the last grade of high school or graduated:

1. Applicants with a foreign nationality,
2. Applicants who are Turkish citizens at birth but gained the permission of expatriation from Turkish citizenship from the Ministry of Internal Affairs and the applicants certificating that they own the certificate (Blue Card), related to the use of the rights given by the 5203 numbered law, gained by their under age children registered in their certificate of expatriation from Turkish citizenship,
3. Dual nationality holders who have a foreign nationality at birth but gained Turkish citizenship later on,
4. Applicants who hold a Turkish nationality and who completed the last three years of their high school education in a foreign country except TRNC,
5. Applicants who hold a TRNC nationality and reside in TRNC and who completed their secondary education in TRNC should have GCE AL exam results.

B. General Conditions for International Student Admission to Graduate Programs

1. Applicants with a foreign nationality,
2. Applicants who are Turkish citizens at birth but gained the permission of expatriation from Turkish citizenship from the Ministry of Internal Affairs and the applicants certificating that they own the certificate (Blue Card), related to the use of the rights given by the 5203 numbered law, gained by their under age children registered in their certificate of expatriation from Turkish citizenship,
3. Dual nationality holders who have a foreign nationality at birth but gained Turkish citizenship later on,
4. Applicants who hold Turkish nationality and who completed the last three years of their high school education in a foreign country except TRNC,

5. Applicants, who hold a TRNC nationality and reside in TRNC and who completed their secondary education in TRNC, should have GCE AL exam results.

6. For Doctoral Programs, grade point averages for masters should be 3/4 or 76/100 and higher (For the comparison of undergraduate graduation grade point averages, the table of equivalence of the latest 4 point grading system to 100 point grading system announced by The Presidency of The Council of Higher Education will be used) besides, apart from the mother tongues of foreign nationality holders, they should take a standard grade of at least 55 from interuniversity foreign language examination from one of the languages of English, French and German in the field of program they applied for or they should take a grade similar to this grade from an examination accepted by interuniversity council or they should take the grade of 55 from foreign language placement test made by the university.

C. Ineligible Applications

• Applicants with Turkish nationality, (except for the ones completing the last three years of their high school education in a foreign country apart from TRNC)
• Applicants with a TRNC nationality, (except for the ones completing all of their secondary school education in the high schools of TRNC and having a result of GCE AL)
• Dual nationality holders; one of the nationalities of whom is Turkish, (except for the ones completing the last three years of their high school education in a foreign country apart from TRNC)
• Dual nationality holders; one of the nationalities of whom is TRNC, (except for the ones completing all of their secondary school education in the high schools of TRNC and having a result of GCE AL)
• Applicants completing their high school education in TRNC while holding a Turkish nationality
• Applications of the ones having a penalty of expelling from a higher education institution in Turkey because of a disciplinary action will not be admitted.

D. Application Procedure

Applications are completed by submission of the required documents stated below within the date announced on the web site of the university by hand in person, via e-mail post or by conventional mail.

The university cannot be held responsible of the delays in the delivery.

1. Application Dates

Application dates are announced as June for Undergraduate Programs; December and July for Graduate Programs on the web site of our university.

2. Application Address

Istanbul Commerce University
International Office, Eminonu Kampusu
Ragıp Gümüşpala Cad. No: 84 34378 Fatih/Istanbul-Turkey
3. Online Application

Online Applications can be made via the address of international@ticaret.edu.tr

E. Evaluation of Applications

1. Applications are evaluated by “International Student Evaluation Commission” composed of at least five professors and formed by the rector of the university,

2. The commission makes the evaluation on the basis of academic grades and preferences of the student by taking the quotas assigned by the university into consideration. Main candidates are set according to the order of preference beginning from the candidate with the highest mark. Substitute candidates are set on the basis of grade and preference of the student on condition that it does not exceed the number of quotas assigned for the department.

3. Evaluation of the applications made to the departments admitting students by special talent exams are conducted according to the procedure of student admission by special talent exam. The evaluation by the university can be conducted on the basis of a written test, interview and/or the application file of the student.

4. In case of inadequate application for a particular program or when the assigned quota for the department cannot be filled, these quotas can be replaced by the quotas of other programs by the university.

5. To provide the conditions for application does not mean an admission for placement. Evaluation of the applications placement of candidates and filling the assigned quotas are totally at the sole discrete of Istanbul Commerce University.

6. The list of the successful candidates is announced on the web site of the university and the acceptance letter is delivered to the students by the International Office by hand or mail.
F. Medium of Instruction

1. At our university, the medium of instruction is Turkish and English.

2. At our university, for students who will register to the Undergraduate Programs taught in English, a compulsory “English Preparation Program” is carried out for one year. This period is not included in study period.

   a. Applicants who are successful at the English Proficiency Exam given by the university at the beginning of the academic year or have successful scores from international English Proficiency exams which are considered valid by university Senate (for the applications to the graduate programs: KPDS/ ÜDS: 67, TOEFL-IBT: 80, TOEFL-CBT: 213, TOEFL-PBT: 550, IELTS: 5,5),

   b. Applicants who successfully completed the preparation program of another university,

   c. Applicants who completed their secondary education in education institutions of a country the mother tongue of which is English and at which institutions the citizens of that country continue their education, can be exempted from the preparation program on condition that they submit the relevant documents.

3. The applicants who were placed to the programs of our university, which are held in Turkish, (except for the ones in the scope of Article 4 of General Conditions) can start education programs on condition that they fulfill one of the conditions (by submitting the relevant documents) as follows:

   a. Applicants who completed the level of B2 from TOMER or took an equivalent Turkish language education and successfully completed it,

   b. Applicants who successfully completed the Turkish preparation class at another university.

4. Granting leave of absence to the students who do not have adequate level of Turkish by the departments / programs they were placed in is determined by the relevant boards.
